

# Calling all Assistive Technology Professionals and Technicians!

## The MED Group's Technical Training Seminar is scheduled for **October 2nd - 5th, 2017 in Kansas City, MO!**

Complex rehab has gotten, well... complex! If you are an ATP® or a rehab technician supporting the activities of an ATP, the MED Group's Technical Training Seminar is a must-attend event.

The Technical Training Seminar (TTS) is a three-day session bringing together the best complex rehab trainers and presenters to one site to form a unique, comprehensive educational program. The seminar format is hands-on and thoroughly covers topics such as DC motors, power wheelchair electronics, and specialty controls. Complex manual wheelchairs are also included in the agenda to help the ATP or technician achieve a higher level of efficiency and effectiveness.

It's critically important that your ATPs and technicians know how to troubleshoot, diagnose, and service equipment quickly and correctly the first time maintenance is required. They must know all the indicators to keep equipment running at a high level - their customers rely on them.

We have an outstanding lineup of tech presenters from MK Battery, Motion Concepts, Sunrise Medical, Merits, and others. Additional benefits of attendance include:

- Over 20 hours of technical education in a SINGLE seminar.
- Gold Level Certification for Silver Level Technicians – qualify for Gold Level parts discounts!
- A great “Gold Refresher” for any Gold Certified Technicians who have not attended a TTS in the last FIVE years.
- This seminar EXCEEDS CMS quality standards requirements for annual product specific training.
- ATP technical education to help you find a solution BEFORE the client has to bring their chair in.

As an added bonus to the technical education, Angie Kiger, Sunrise Medical's Education Manager, will be instructing 6 hours of seating and positioning education (topics TBD) on Thursday, October 5th. For those technicians or ATPs looking for RESNA hours, this is a “can't miss” seminar, included with your TTS registration fee!

To register, complete the attached registration form, or contact your MED Personal Account Representative at (800) 825-5633. For questions about the content of TTS, please contact Mike McKillip (mmckillip@medgroup.com) at (800) 825-5633.

Reservations **MUST** be received by **September 15, 2017.**  
**No refunds on registration fees for cancellation within 2 weeks  
of seminar.**
